This design is covered by copyright & may not be reproduced without written permission from Blade Landscape Design . The design,ideas and concepts remain the property of Blade Landscape Design and the owners . The design refers to overall design intent and may require structural engineer's certification for construction elements. Intent of work is only shown and these drawings do not imply tacit approval for their structural integrity. No responsibility can be taken for private construction engagements, therefore any constructional works must be approved by an engineer and or local civic authority if required. Blade Landscape Design recommends that any construction work be undertaken by only licenced conctractors.
Check all measurements on site prior to quotation and construction.
