

Selective Entry Equity Bursary 2025 Application Form

BRISBANE STATE HIGH SCHOOL

The school acknowledges that the enrolment application processing fee of \$420 may pose a challenge for some families facing genuine hardship. In response to this concern, the School Council has approved the establishment of Selective Entry Equity Bursaries to support families experiencing financial difficulties.

These bursaries aim to ensure that the application fee does not serve as a barrier for students seeking a place at Brisbane State High School under the Selective Entry category. By offering financial assistance through these bursaries, the school demonstrates its commitment to inclusivity and providing equal opportunities for all students, regardless of their financial circumstances.

Families facing sustained hardship can now apply for the Selective Entry Equity Bursary, which can potentially cover or alleviate the cost of the enrolment application processing fee. This initiative reflects the school's dedication to making education accessible and removing financial barriers for those in need.
