

Year 9 – 12

Parent Information Evening

Dear Parents and Caregivers,

Thank you to the many families who attended the Year 9-12 Parent Information Evening on Thursday 9 February. We valued the opportunity to connect in-person, answer your questions and provide a range of workshops specifically designed to support you and your child's learning.

Whether your family has been a part of our community for some time, or your child is just beginning their secondary education with us, we look forward to partnering with you to maximise your child's experience at State High.

If you were unable to join us on the night, the presentations below will provide you with some of the workshop topics that were delivered at the 2023 Year 9-12 Parent Information Evening.

State High are delighted to welcome you and your child to the 2023 school year.

ATAR: what it is and how it is calculated?

Effective study routines: the science behind how to learn using retrieval and spaced practice
